Dear colleagues,

On behalf of the International Society for Hemodialysis (ISHD) and the Moroccan Society of Nephrology (MSN), we are pleased to welcome you to participate in the X International Congress of the International Society for Hemodialysis in association with the XIV Congress of the Moroccan Society of Nephrology, in Marrakech, “the Red City”, in Morocco.

Organized for the first time on the African continent, this joint meeting will be held from September 22 to 24, 2016 in the beautiful “Palais des Congrès” of Marrakech, providing not only a high-level scientific program on the most recent aspects in the field of hemodialysis but giving also the opportunity for sharing experiences between colleagues from around the world.

This meeting has the ambition to address scientific, practical and socio-economical challenges across diverse regions, to meet the Congress theme “for a comprehensive, equitable and sustainable access to kidney disease care”.

CNE sessions and workshops for nephrologists and nurses will be organized to meet the practical needs. Further information on this meeting is available at www.ISHD2016.com

In addition to your active participation in this rich and varied scientific program, you will have the opportunity to visit Marrakech, one of the most beautiful cities in the world. Even those who already know will have the pleasure of rediscovering his famous place «Jamaa El Fna», its Medina, souks, gardens, palaces and walls, but also friendly people, affable and welcoming. The High Atlas and its snowy peaks, the Draa Valley and exceptional palm are all reasons to extend your stay.

It is a great honor to welcome you in Marrakech and a great joy to see many of you in this meeting of Friendship.

Hocein Dkhissi & Madhukar Misra
Congress Co-Presidents
Thursday, Septembre 22nd, 2016

Programme

9:00-12:00 > CMEs

**CME1 • Convective therapies**
9:00-9:45 Hemodiafiltration for ESRD / Bernard Canaud (France)
10:00-10:45 Hemodiafiltration for AKI / Andrew Davenport (UK)
11:00-11:45 Quality control procedures in water treatment for HDF / Zouhair Oualim (Morocco)

**CME2 • Vascular access**
9:00-9:45 Creation of arteriovenous fistula and graft / Tushar Vachharajani (USA)
10:00-10:45 Diagnosis of arteriovenous fistula dysfunction / Driss El Kabbaj (Morocco)
11:00-11:45 Cannulation of arteriovenous fistula: when and how? / Tushar Vachharajani (USA)

**CME3 • Nutrition**
9:00-9:35 Assessment of nutritional status in hemodialysis patients / Tarik Sqalli Houssaini (Morocco)
9:45-10:20 Diets in hemodialysis patients: how can we achieve them? / Giorgina Piccoli (Italy)
10:30-11:05 Prescribing nutritional and vitamin supplements in dialysis patients / Charles Chazot (France)
11:15-11:50 It is better to be «acidotic» or «alcalotic» in hemodialysis? / Madhukar Misra (USA)

12:30-14:00 > Industry Lunch-Symposium

14:30-15:00 > Welcome address

15:00-15:45 > Plenary lecture 1
Providing dialysis to underprivileged: challenges and solutions / Madhukar Misra (USA)

15:45-16:15 Coffee-break and visit of the exhibition

16:15-17:45 > Symposium

**Symposium 1 • Dialysis dose**
16:15-16:40 Kt/V remains a useful measure of hemodialysis / John Daugirdas (USA)
16:45-17:10 Reaching other efficiency targets of hemodialysis / Intissar Haddiya (Morocco)
17:15-17:40 Implementation of a quality and safety checklist / Bernard Canaud (France)

**Symposium 2 • Protecting the heart**
16:15-16:40 Control of extracellular volume / Charles Chazot (France)
16:45-17:10 Intra-dialytic protective strategies / Fatiu Arogundade (Nigeria)
17:15-17:40 Blood pressure targets in hemodialysis patients: what evidence? / Faiçal Jarraya (Tunisia)

18:00-19:15 > Industry Symposium

19:15-20:30 > Welcome reception
Friday, September 23rd, 2016

08:30-10:00 > Symposium

Symposium 3 • Acute kidney injury
08:30-08:55 Acute kidney injury in the African context / Gloria Ashuntantang (Cameroon)
09:00-09:25 Renal replacement therapies during AKI: state of the art / Ravindra Mehta (USA)
09:30-09:55 From acute kidney injury to end stage renal disease / Medkouri Ghislaine (Morocco)

Symposium 4 • Initiation of hemodialysis
08:30-08:55 Timing of preemptive vascular access placement / Abdou Niang (Senegal)
09:00-09:25 How to run successfully a pre-dialysis educational program? / Philippe Brunet (France)
09:30-09:55 When should we initiate dialysis for ESRD? / Gamal Saadi (Egypt)

10:15-11:00 > Plenary lecture 2

Evaluation and management of patients with acute kidney injury: the SR approach / Ravindra Mehta (USA)
11:00-11:30 coffee-beak and visit of the exhibition

11:30-12:30 > Moderated poster Session

12:30-14:00 > Industry Lunch Symposium

14:00-15:30 > Free communications

Mini-lecture 1
14:00-14:20 Risk-based individualization of target hemoglobin in hemodialysis patients / Christian Combe (France)

Mini-lecture 2
14:00-14:20 Metformin use in patients with advanced chronic kidney disease / Marc E. De Broe (Belgium)

15:30-16:00 coffee-beak and visit of the exhibition

16:00-17:30 > Symposium

Economics of hemodialysis
16:15-16:40 Providing chronic dialysis program in African countries - The South African experience / Charles Swanepoel (South Africa)
16:45-17:10 Asian economic models of dialysis programs / Philip N. Jeremaiah (Malaysia)
17:15-17:40 A success story still possible! (Historical retrospective in a developing country) / Driss Zaïd (Morocco)

Symposium 6 • CKD-MBD
16:15-16:40 Removal of phosphorus by hemodialysis / John Daugirdas (USA)
16:45-17:10 Treatment of secondary hyperparathyroidism in real-world clinical practice / Philippe Brunet (France)
17:15-17:40 Parathyroidectomy: still a place in the treatment schema? / Benyounès Ramdani (Morocco)
Saturday, September 24th, 2016

Programme

08:30-10:00 > Symposium

Symposium 7 • Diabetes & vascular
08:30-08:55 Optimizing diabetic control in dialysis patients / Nawal El Ansari (Morocco)
09:00-09:25 Interpreting cardiac diagnostic tests in diabetic ESRD patient / Charles Chazot (France)
09:30-09:55 Peripheral arterial disease in dialysis patients: the silent killer? / Zoubida Tazi (Morocco)

Symposium 8 • Viral hepatitis
08:30-08:55 Preventing viral transmission in dialysis units / Mahfoud Cherif Benmoussa (Algeria)
09:00-09:25 How to optimize immunization in hemodialysis? / Inass Laouad (Morocco)
09:30-09:55 Toward eradication of HCV infection in hemodialysis units? / Michel Jadoul (Belgium)

10:15-11:00 > Plenary lecture 3

Relevance of current health policies for the management of CKD in developing countries / Abdelali Belghiti Alaoui (Morocco)

11:00-11:30 coffee-beak and visit of the exhibition

11:30-13:00 > Free communications

Mini-lecture 3
11:30-11:50 Daily home dialysis with low dialysate flux: a challenge for nephrologists and patients / Hafedh Fessi (France)

Mini-lecture 4
11:30-11:50 Human heredity and health (H3) in Africa kidney disease research network / Dwomoa Adu (Ghana)

13:00-14:30 > Industry Lunch Symposium

14:30-16:00 > Symposium

Symposium 9 • Challenges
14:30-14:55 Setting-up a renal registry in a LMIC: a SWOT analysis / Rabia Bayahia (Morocco)
15:00-15:25 Eco-dialysis: the financial and ecological costs of dialysis waste products / Giorgina Piccoli (Italy)
15:30-15:55 How innovation and information technology could help solving challenges CKD and RTT management in developing countries? / Bernard Canaud (France)

Symposium 10 • Anemia
14:30-14:45 Anemia, inflammation and iron status: how to assess? / Naima Ouzeddoun (Morocco)
14:50-15:10 Still a debate on hemoglobin target? / Mohamed Ghnaimat (Jordan)
15:15-15:35 New treatments of renal anemia / Michel Jadoul (Belgium)

16:00-16:30 coffee-beak and visit of the exhibition

16:30-17:15 > Plenary lecture 4

Future of dialysis / Andrew Davenport (UK)

17:15-17:30 > Closing ceremony
General Information

> Airport
RAK Marrakech - Menara International Airport
10 min drive

> Language
The official language of the event is English. A simultaneous translation will be available in French.

> Catering
Coffee-breaks will be served every morning and every afternoon in the exhibition area.

> Organisation contact

- **Chairmen**
  - Hocein Dkhissi (MSN President)
    Hemodialysis Centre of Meknès
    50 000 Meknès, Morocco
  - Andrew Davenport (ISHD President)
    University College London Medical School
    London, UK
  - Madhukar Misra (ISHD Director of Education)
    University of Missouri School of Medicine,
    Columbia, MO 65203, U.S.A
  - Mohammed Benghanem Gharbi (Organizing Committee Chair)
    University Hospital Ibn Rochd
    20 000 Casablanca, Morocco
